

Overarching Vision

I dream of making my Father proud of me, there is nothing I desire more....

I dream of fully enjoying my own presence, living a healthy lifestyle, growing in my capacity to receive love from God.....

I dream of connecting with my wife on all levels, in love with her, pursuing her and literally sweeping her off of her feet, encouraging her dreams to come true. I dream of her seeing what I see in her. I dream of the day that she gets to reap the fruit of all she has endured, in her decision to say “yes” to a boy that struggled saying “yes” to becoming a man...

I dream of my children reaping the fruit of all their dad's decisions, giving them a higher platform to live life from. I dream of the day that they look back and realize what I did for them and why I did it. Their opportunities will be greater than I ever dreamed possible.....

I have a dream of hundreds and thousands of people having a powerful encounter with the heart of their Father that will challenge them to live with all of their heart (tribe)

I dream of seeing the faces of these people as they gain greater revelation of the heart and work of their Father, discovering how He cherishes them, believes in them and fights for them, not only in Heaven, but within every moment of their life here on Earth (cause)

I dream of being a part of leading people to such an encounter, an encounter that will impact their relationship with God, with themselves, their clans, tribes and every person they are involved with

I dream of the day when most of my time is spent learning with others, how to walk in Love and challenging people to do so, not a love that we were born knowing how to walk in, but a love that must be learned from the one that designed us. I dream of the days where I will enter into environments, being privileged to encourage people, challenge people, coach people and inspire people (space)

I dream of witnessing the motivation this will create in people, a motivation that will drive them to discover their purpose, leading them to take part in God's ultimate plan.

Worldview – What I believe

- ❖ I believe that life is about God and His heart and His plan coming to pass, which impacts every person that embraces Him and turns to Him in a very positive way.
- ❖ I believe God is sovereign, not that He controls every single circumstance and event that happens in this world, but that He is at the top of the food chain.
- ❖ I believe that love is God's motive and that He is good, that He is for all people and that He believes in us and wants to see us all flourish in life.
- ❖ I believe God's supply is abundant and it is available for every single person that embraces Him and His ways, not only in heaven, but also in this physical world that we live in.
- ❖ I believe that we live in a fallen world as a result of sin and the fact that we remain in a fallen world and encounter various forms of suffering in this life is inevitable and although this was not created by God Himself, He will make good out of every situation that we will allow Him to.
- ❖ I believe that Jesus Christ is God in flesh. I believe that He was crucified and died for the sins of the entire world and that He rose from the dead and is seated at the right hand of God the father and that through Him we become right with God, that our sins are forgiven and that we can live an abundant life through Him.
- ❖ I believe that the Holy Spirit is God and that He indwells every person that receives Jesus and empowers every believer that will allow Him to do so. He teaches, equips, leads and directs those willing.
- ❖ I believe that the Bible is God's will, clearly revealing His heart and His ways and simple to understand.
- ❖ I believe that Jesus is the head of His church and that all believers are a part of His body and are needed in this world to play the significant role that God has given them in demonstrating His will in this earth.
