*“My Life’s Masterpiece”*

*“A Master in the art of Living draws no sharp distinction between his work and his play; his labor and his leisure; his mind and his body; his education and his recreation. He hardly knows which is which. He simply pursues his vision of excellence through whatever he is doing and leaves others to determine whether he is working or playing. To himself, he always appears to be doing both.”*

**My Core**  
“Six Pack”

**WORLDVIEW**

**I Believe:**

- **God is the Father** of All Fathers. He Loves, corrects, speaks truth, guides, comforts, teaches, develops, gives life and provides. He is the true connection to the Spirit of Man. He pours all of himself into us, to become more like him each day.
- **Jesus (Yashua)** is the first born Son to live, breath, walk and submit to God on the earth. The first to sacrifice his life so other Sons could be born and walk the earth. Through him we have access to the Father, opening the door for humanity to be born again.
- **Holy Spirit** is the Governor of the Kingdom of God, all the power moving through us to fulfill our God purpose is by him. He is our comforter, revealer, teacher and guide on the path of life. He empowers us to walk the earth as Sons of God in all righteousness, living a life of balance and prosperity. He is the Voice of God.
- **Family** is the only government God recognizes and operates in. He establishes a man to join a woman, they birth a family, opening the windows of heaven to operate on the earth.
- **Church (Ecclesia)**, when established and built right is an extension of family. It is the vehicle God uses to establish, build and send Sons of God throughout the earth.
- **Work:** When we don't work we don't eat. We were created to be fruitful and in fruitfulness we bring multiplicity. In multiplicity we increase our family, Life and the Kingdom of God. On purpose to glorify our heavenly Father.
- **Covenant** is the only avenue to build healthy lasting relationships. Covenant is based on people building people; strengths and weaknesses coming together to make a whole.
- **Truth** is the master key to unlock all of mans chains, releasing him to fulfill his God purpose on earth. We must speak truth at all times in love.

## IDENTITY

### I am:

- **Father:** *As a Father my life's purpose is to pour all God fills me with into my family. (Spiritual Revelation, Financial prosperity, Social understanding and Mental awareness) I must lead them to a place they can start where I finish not where I started.*
- **Lover:** *Loving, understanding and caring, always available and never unavailable. Willing to be a living sacrifice putting myself and my needs second to my wife. To make sure she always knows there is one on the earth, for her, not against her.*
- **Supporter:** *I continue and carry the heart of my parents, making sure they are always taken care of, provided for and loved. They never worry about who will take care of them in their latter years. I am to insure a piece of them remains on the earth.*
- **Messenger:** *a sent delegate and representative of Christ to a specific people with a specific Word. To carry and deliver the mysteries of the Kingdom, to watch over with faithfulness those who will hear.*
- **Builder** *of people, to stand through storms and the battles of life. To bring and fill them with a strength that will stand the test of time. They in turn become builders of people impacting generations.*
- **Partner:** *Loyalty, commitment, never leaving or forsaking. A man of covenant principles with a belief that nothing will separate us. (Authentic Relationships)*
- **Writer:** *Putting pen to paper, leaving revelation, thoughts and faith in one location. On purpose to educate, edify and equip those who come behind.*
- **Trailblazer:** *always ready to pave the way, creating new paths, so others will be one step closer to their destiny. Creating a way for the next generation.*

## PRINCIPLES

### I Value:

- ***Relationship:*** family is the hinge pin to operating in total joy, peace and happiness. Success is vanity without someone to share it with, therefore family must be at the heart of every decision. They are reason to write, study, grow and build; it is all for them.
- ***Partnership:*** what good is it to know, to have, to be, if you have no one to walk with? The journey is so much more with others, we are created to sow, to pour out, to share, to love—two is better than one.
- ***Stewardship:*** is key to operating in the arena of success. “To whom much is given, much is required.” We can always make more money we cannot make more time. I choose to value money and time, being a good steward of time relieves pressure and stress. Being a good steward of money brings more money “He who is faithful in the little God will bring him into much.” I seize the moments, I come all in, totally present redeeming the time and taking responsibility for the money.
- ***Workmanship:*** is a must if we are going to build anything of substance and value. My days must be planned and executed with precision to go and do what’s never been done. The desire is to glorify the Creator and originator with not only fruit but fruit to remain. I must lead by example so others will live a life of produce and seize the opportunities before them.

## PASSION

### I love to:

- **Distribute-** *the word of God. I feel the most comfortable sharing the revelation God has given me to others willing to hear. If I could preach every day I would! Love It!*
- **Dream-** *some fish, some hunt, some shop, I golf. This is a great avenue of relaxation and down time. I love being on the course early in the morning watching the sun come up with the birds singing in the background. ( Refreshes me, Its good thinking time.)*
- **Deposit-** *a good book that engages my thinking brings me to new levels. Because I love to give, the more I read, the more I learn. Filling up my tank prepares me to pour out bringing others to new levels.*
- **Discover-** *the word of God. The best part of beginning the day is time with the Father. The communion and breaking of bread fills me up and prepares me for every moment of the day. Gaining new revelation and insight to the Word of God is one of the most exciting moments I experience, His voice reassures me I'm a conqueror.*
- **Design-** *with my family. Raising five children can be very interesting at times. One of my favorite times is eating with my wife and children. The voices, stories, laughter and joy make everything we do worth it. ( The Good Life)*

## PURPOSE

### I Live to:

- ***Elevate:*** my heart, my purpose is to build people. I see so many hurting, broken, lost people in the world. Building people, with a strong foundation and a sure framework prepares them to stand against the storms of life. Like Paul they can say, “ I have ran my race, I have kept the Faith, I have finished the course, I am ready.....”
- ***Accelerate:*** mankind to live the *Legendary Life*. Bringing people to a place of depth gives them the opportunity to pull from a greater source. They will produce great fruit and fruit that will remain. They will not be forgotten, they will leave a Legacy, what they build will not be forgotten.
- ***Activate:*** blazing the trail is at the core of my purpose, creating new paths and directions others have refused to go. I choose to create new ways so others that come behind travel a road paved and prepared for greatness.

## *I Have a Dream*

*Imagine walking into a small room filled with 35 people, people anticipating and expecting a time of celebration, a word of truth, equipping them to overcome life's challenges with a mindset of "I am great." Then this man walks confidently to the platform with a word of passion and fervency few have ever experienced. The atmosphere fills the room with a presence causing you to believe; today I will leave different, today I have been challenged and inspired to grow.*

*Imagine seeing this same man now in a different room, a room with the seating capacity of 5,000, there is an even greater anticipation knowing today I will see results, today there will be a true power in the midst of us. The surroundings are different, the place gives a sense of excellence, leaders are strategically planted to produce fruit, and fruit people have desired to eat for many years, fruit with a greater taste and substance that can only be found here. The nutrients supplied to this tree defiantly came from a deeper place. Knowing that the growth of anything great hinges on the right environment, the atmosphere brings you back to familiar place called Eden. You recognize this is a place of order, a place of alignment there is definitely a flow in the arena creating rivers ready to burst from deep in your spirit. As you watch the leadership of this organization, you are inspired to do it better; they are like a city set on a hill that cannot be hid. Unlike most organizations everybody receives five star service, its warm and welcoming, they don't tear down, they build up, they act on purpose with no hesitation. This is a true tribe with no competitive jealousy, sibling rivalry, gossip or division; Unity is the theme of this house a Divine Ekklesia that mirrors the move of Heaven on earth. These are a people who make no excuses but deliver only solutions, a people that don't let things happen but make things happen, opening the windows of Heaven to walk in Divine prosperity and abundance. Making your way to the exit now you have the answer it's not about me, it's about Him and His*

*Kingdom built on earth for His glory. Truly they are the NewBridge, they are The Seed, “  
Maturing Believers, Future Leaders and Living Legends, yes they are ONE!*

*Imagine seeing this man with his family, this is no ordinary family; this is a family of generations. He is seated at a table with sons, daughters, grandchildren and great-grandchildren. The joy, peace and security that bleed from their words draws you close to say, “I want this for me. “ You can tell this man is a patriarch of change to this family that will live long after he is gone. The word, character and life transcends time, it will touch generations to come.*

*Imagine seeing this man with his wife, who arrived halfway through the journey of his walk. You can see the deep commitment they have for each other and the love they share is one of truth, one of authenticity, one developed not in a moment but through time; this love was built. Now they sit comfortably on vacation at one of four homes around the United States. They will spend the weekend in the home that fits the mood, the beaches of Florida, the vineyards of California, the mountains of Colorado or the exotic lights of New York City. Where they go is not important, it's the presence of each other that matter, its being in this moment that counts. Just knowing today they had a choice causes you to say “what about me? “*

*Finally imagine walking back into the room seating 5,000 people, you know this day is special, on this day you can smell the aroma of success but feel the hunger for more. You know this isn't the finish of a work but truly, this is the beginning. You know this is a work that will be carried on by others; this was built on purpose to hand to another. This same man now in his early 80's walks to the stage, as you see him move there is this overwhelming sense a King has entered the room; a true Father, a man who built people not just buildings. You can tell the respect of those seated is rare in this day, as He begins to speak tears created by the emotions of*

*gratitude, love; thankfulness and sadness begin to flow from the audience. He calls for a man seated nearby, they embrace and he says "here are the keys Son, now you can start where I finished not where I began."*
